

CURRICULUM VITAE

WILLIAM M. SCHNECK, M.S., A.B.C.

Professional Experience:

Microvision Northwest - Forensic Analysis and Consulting, Inc., President, 1995– present.

Forensic Scientist– Material Analysis Unit, Washington State Patrol Crime Laboratory, 1990-2018.

Technical Lead, Materials Analysis Unit, 2008-2015.

Crime Scene Response Team member (CSRT) –1995-2011 and 2013.

Unearthed Solutions-Anthropological Microscopy Services, LLC, President 2016-2019.

Hooke College of Applied Sciences, Westmont, IL. (formally McCrone College of Microscopy), Adjunct Professor of Microscopy, 2006-2012.

California Criminalistics Institute (CCI), Sacramento, CA., Microanalysis Instructor, 1998-present.

University of California - UC Davis, Survey in Forensic Science Instructor, 2003-2005

Eastern Washington University, Cheney, WA, Chemistry/Forensic Science Adjunct faculty, 2003-2004.

Coordinator, Materials Characterization Section, McCrone Associates/Environmental Services, Inc., Atlanta, GA, 1987-1990.

Critical Care Registered Respiratory Therapist B.S., R.R.T., 1975-1995.

St. Mary's Hospital, Milwaukee WI

Piedmont Hospital, Atlanta, GA

Grady Memorial Hospital, Atlanta, GA

Egleston Children's Hospital (Emory University), Atlanta, GA

Deaconess Medical Center, Spokane, WA

Scottish Rite Children's Hospital, Atlanta, GA

St. Luke's Rehabilitation Hospital, Spokane, WA

William Schneck has extensive experience in the forensic microanalysis of a wide variety of materials including soil/minerals, wood, paper, paint, fibers, fabric, cordage, hairs, lamps, building materials, food/vomit, explosives, glass, impressions, physical match and metals utilizing polarizing light microscopy, microchemistry, scanning electron microscopy-energy dispersive spectroscopy, infrared spectroscopy and other instrumental methods. Mr. Schneck has conducted crime scene analysis and reconstruction including bloodstain pattern interpretations and trajectories. Mr. Schneck's experience includes both criminal and civil expert witness testimony in state and federal court. Bill is an instructor in forensic microscopy and forensic geology, teaching workshop in the United States and abroad.

Education:

M.S., Geology, Eastern Washington University, 1986.

B.S., Geology, Georgia State University, Atlanta, Georgia, 1983.

B.S., Allied Health Science, Georgia State University, 1978.

A.A.S., Respiratory Therapy, Milwaukee Area Technical College, 1976.

Publications, Workshops and Presentations:

Schneck, W. M., et.al., 3rd Ibero-American Seminar on Forensic Geoscience, La Plata, Argentina. International Union of Geological Sciences (IUGS) – Initiative on Forensic Geology (IFG), 2018. Booklet of abstracts: <http://bit.ly/2HyiLVx>

Schneck, W. M., et al, *Global developments in forensic geology, and International case studies in forensic geology: fakes and frauds, homicides and environmental crime*, Episodes, Journal of International Geoscience, Vol 40, No. 2, International Union of Geological Sciences (IUGS), Initiative on Forensic Geology (IFG), June 2017.

Schneck, W. M., and Ellwood, E., *Forensic Science Applications in Archaeology: A Materials Analysis Perspective*, Society for American Archaeology Annual Meeting, Vancouver, Canada, April 1, 2017.

Schneck, W. M., *Basic Practical Microscopy*, California Criminalistics Institute (CCI) Instructor, 40 hour workshop, Sacramento, CA and Los Angeles, CA., 1998-2017. Over 25 workshops have been taught since 1998.

Schneck, W. M., Materials Analysis in Forensic Science, Academic Press, ed. M. Houck, Section 9, Other Materials-Stomach Contents Analysis, Schneck, W. M., 2016.

Schneck, W. M., *Collection and Preservation of Trace Evidence in conjunction with Bloodstain Pattern Analysis and Bullet Path Reconstruction*, a two day workshop, Portland, OR. Police Department, December 1-2, 2016.

Schneck, W. M., Stam, M., Lee, B., *Identification, Collection and Preservation of Soil Evidence at Crime Scenes-A Field Exercise*, 128th California Association of Criminalists Seminar in conjunction with the American Society of Trace Evidence Examiners, Rancho Mirage, CA. October 31, 2016.

Schneck, W. M., *Authentication of the Missing 911 American Flag from Ground Zero, New York City 2001*, 128th California Association of Criminalists Seminar in conjunction with the American Society of Trace Evidence Examiners, Rancho Mirage, CA, November 2, 2016.

Schneck, W. M., *Forensic Building Materials Analysis*, California Criminalistics Institute (CCI) Instructor, 40 hour workshop, Sacramento and Los Angeles, CA, 2000, 2006-2010, 2016.

Schneck, W. M., *Particle Analysis of Building Materials Workshop*, Joint American Society of Trace Evidence Examiners and Southern Association of Forensic Science Annual Meeting, Atlanta, GA, 2015.

Schneck, W. M., *Collection of Trace Evidence*, a one day workshop, Pacific Northwest Division, International Association for Identification, Education and Training Conference, Portland, Oregon., May 2015.

Schneck, W. M., *Stomach Contents Analysis*, Encyclopedia of Forensic Sciences 2nd Edition, Elsevier Publishing Company, 2013.

Schneck, W. M., *Scientific Working Group for Geological Materials (SWGCEO) and Geo-sourcing in Forensic Investigations*, Northwest Association of Forensic Science, annual meeting presentation, Missoula, MT., 2012.

Schneck, W. M., *Criminalistics 101*, Two day lecture and practical workshop in forensic laboratory analysis, given to all forensic scientists in the Washington State Patrol Crime Laboratory, 2011-2016.

Schneck, W. M., *Gastric Contents and Food Analysis / Forensic Soil Analysis*. Two one day workshops sponsored by the Forensic Science Initiative (FSI), West Virginia University, Continuing Education for Forensic Professionals, held in Savannah, GA, June 4-5, 2012.

Schneck, W. M., *Anthropogenic Materials in Soil*, Geological Association of Canada, 'Geoscience at the Edge', annual meeting presentation, sponsored by the International Union of Geological Sciences (IUGS) – Initiative on Forensic Geology, St. John's, Newfoundland, Canada, May 28, 2012.

Schneck, W. M., *Forensic Building Materials Analysis*, New York State Division of Criminal Justice Services, Monroe County Crime Laboratory, Rochester, NY, April 17-20, 2012.

Schneck, W. M., *What Did You Just Step In?! Use of Forensic Soil Examinations to Find Out*, American Academy of Forensic Science Convention workshop, Co-Chair, 2012, Atlanta, GA.

Schneck, W. M., *Forensic Building Materials Analysis*, Hooke College of Applied Sciences, Westmont, IL, 40 hour workshop, 2011.

Schneck, W. M., *Anthropogenic/Man-made Materials in Soil*, Forensic Geology Training Seminar-Roma Tre University, Rome, Italy, 2011.

Schneck, W. M., *Cases Studies in the Identification of Food Microtraces Derived from Vomit and Gastric Contents*, National Institute of Justice Trace Evidence Symposium, Kansas City, MO, 2011.

Schneck, W. M., *The Foundry Sand Murder* - Poster Presentation at the National Institute of Justice Trace Evidence Symposium, Kansas City, MO, 2011.

Schneck, W. M., *Forensic Soil Examination*, Hooke College of Applied Sciences, Westmont, IL, 40 hour workshop: 2011.

Schneck, W. M., *Gastric Contents and Food Analysis, Forensic Soil and Building Materials*. Three one day workshops sponsored by the Forensic Science Initiative (FSI), West Virginia University, Continuing Education for Forensic Professionals, held in New Orleans, LA, March 31-April 2, 2011.

Schneck, W. M., Third Soil Forensics International Conference on Criminal and Environmental Soil Forensics, November 2-4, 2010, Long Beach, CA, *Foundry Sand and Murder Investigations*.

Schneck, W. M., The Macaulay Land Use Research Institute-Third Soil Forensics International Conference on Criminal and Environmental Soil Forensics, November 2, 2010, Long Beach, CA, *Murder Mystery and Microscopes*, a public forum.

Schneck, W. M., Hooke College of Applied Sciences/McCrone Associates, Westmont, IL.,40 hour Workshop, *Forensic Soil Examination*, October, 2010.

Schneck, W. M., *Trace Evidence Overview: Soil*, a 1 day course in soil analysis and technical procedures sponsored by the Forensic Science Initiative (FSI), West Virginia University, 2010 Continuing Education for Forensic Professionals, held in Fort Worth, Texas, March 10, 2010.

Schneck, W. M., (2009). Particles: Form, in *Wiley Encyclopedia of Forensic Science*, Jamieson, A., Moenssens, A., (eds). John Wiley & Sons Ltd., Chichester, UK, pp 2001-2007.

Schneck, W. M., (2009). Microchemistry, in *Wiley Encyclopedia of Forensic Science*, Jamieson, A., Moenssens, A., (eds). John Wiley & Sons Ltd., Chichester, UK, pp 1743-1749.

Schneck, W. M., *Forensic Vomit and Food Identification*, Global Forensic Science Today-Scientific & Investigative Techniques, Issue 8, June, 2009.

Schneck, W. M., *Trace Evidence Overview: Soil*, a 1 day course in soil analysis and technical procedures sponsored by the Forensic Science Initiative (FSI), West Virginia University, 2009 Continuing Education for Forensic Professionals, held in Las Vegas, NV, June 16, 2009.

Schneck, W. M., *Forensic Analysis of Building Materials*, Host: Johnson County Crime Laboratory, Kansas City, Kansas. A 40 hour workshop in the analysis of building materials, April 20-24, 2009.

Schneck, W. M., *CSI-Forensic Geology*, a public lecture presented at the Tellus Natural History Museum in Cartersville (Atlanta area) Georgia, April 7, 2009.

Schneck, W.M., Murray, R., Ruffell, A, Donnelly, L and Molina, C. M., *First Course in IberoAmerican Forensic Geology*, Bogota, Columbia. A one week lecture sponsored by the National University of Columbia and the Department of Geosciences on March 30 - April 3, 2009.

Schneck, W. M., *A Developing Science: An Examination of Forensic Evidence-Trace and Material Evidence Examination/Comparison*, Spokane County Prosecuting Attorney's Office, November 16, 2007.

Schneck, W. M., The Geological Society of America, Guest Speaker - Public Forum, *CSI: Geology Gets the Dirt on Crime*, October 30, 2007, Denver, Colorado.

Schneck, W. M., Forensic Geology Case Studies from the Northwest, The Geological Society of America Annual meeting, October 28-31, 2007, Denver, Colorado.

Schneck, W. M., Forensic Analysis of Building Materials, Trace Evidence Symposium, NIJ and FBI Laboratory, August 13-16, 2007, Clearwater Beach, Florida.

Schneck, W. M., Out-of House Lead instructor, Division of Criminal Investigation, Crime Laboratory Section, Cheyenne, WY., Instructor and training program development in Physical Match and Vehicle Filament Examination.

- Schneck, W. M., *Forensic Microanalysis: Hardened Concrete, Bricks and Engineered Wood*, Global Forensic Science Today-Scientific & Investigative Techniques, Issue 2, May, 2007.
- Schneck, W. M., *Forensic Investigations from the Northwest*, Georgia Microscopical Society, MVA Scientific, Duluth, GA, May 1, 2007.
- Schneck, W. M., *Forensic Soil Examination (Part 1)*, McCrone College of Microscopy, Westmont, IL, 40 hour workshop: 2006, 2009, 2010.
- Schneck, W. M., *Forensic Light Microscopy*, 36 hour workshop for the Washington State Patrol-Cheney Crime Laboratory, June, 2006.
- Schneck, W.M., and Jenkins, J., *Bamboo Fiber: Textile for the 21st Century*, research paper presented at the Scientific Working Group for Materials Analysis (SWGMA), July, 2005, Washington D.C.

Schneck, W.M., and McCollum, L.B., *Upper Proterzoic and lower Phanerozoic fluvial deposits in the central Great Basin*: Geological Society of America Abstracts with Programs, v. 16, p. 164, 1985.

Schneck, W.M., *Sedimentology and Stratigraphy of the Cherry Creek District, Nevada*: Northwest Mining Association annual meeting, Spokane, Washington, poster session, 1984.

Courses and Workshops Attended:

FBI Forensic Photography 40 hour Workshop, WSP Academy, Shelton, WA, 2013.

Trace Evidence Symposium, NIJ and the FBI Laboratory Division, Kansas City, Missouri, 2011.

Trace Evidence Symposium, NIJ and the FBI Laboratory Division, Clearwater Beach, Florida, 2009.

Advanced Bloodstain Pattern Analysis Course (40 hours), Gardner Forensic Consulting, Washington State Criminal Justice Training Center, Burien, WA, June 2008.

Trace Evidence Symposium, NIJ and the FBI Laboratory Division, Clearwater Beach, Florida, 2007.

Post Blast Investigator Course, U.S. Department of Justice, FBI, Bomb Data Center, May 18, 2007.

Shooting Scene Reconstruction Course, Noedel Scientific. 24 hour course, Washington State Criminal Justice Training Center, Burien, WA, and at the Seattle Police Range, 2006.

Advanced Forensic Microscopy and Microchemistry, Microtrace, Skip Palenik, 75+ hour training course, Criminal Justice Training Center, Burien, WA. 2006.

Fundamentals of the Collection and Preservation of Footwear and Tiretrack Impressions Evidence, Ron Smith and Associates, Inc., Instructor D. Hilderbrand, Criminal Justice Training Center, Burian, WA,

2006.

QDI 1000 UV-visible-NIR Microspectrophotometer training by CRAIC Technologies, Dr. Jim Thorne, WSP Cheney Crime Laboratory, 2006.

Basics in Forensic Anthropology, NWAFFS, 8 hour Workshop, Spokane, WA 2005.

Crime Scene Reconstruction, Tom Bevel Inc., Eugene Police Department, Eugene, OR., 2004

Crime Scene Investigation and Reconstruction, National Crime Investigation and Training. A 60 hour course taught by Joe Rynearson at the Washington State Criminal Justice Training Center, 2004.

Occult Crime Scenes, NWAFFS workshop, Portland, OR., 2003.

Topics in the Examination of Footwear Impressions (included Nike outsole production facility tour), NWAFFS workshop, Portland, OR, 2003.

Explosion Crime Scene and Safety Issues for First Responders, James B. Crippin, Western Forensic Law Enforcement Training Center, NWAFFS workshop, Spokane, WA., 2002.

Explosive Devices, James B. Crippin, Western Forensic Law Enforcement Training Center, NWAFFS workshop, Spokane, WA., 2002.

Wood and Wood Pulp Characterization and Identification, Walter Rantanen, Integrated Paper Services, NWAFFS workshop, Spokane, WA, 2002.

Survey of Animal Hairs: Microscopical Characterization and Identification, Bonnie Yates, National Wildlife laboratory, NWAFFS workshop, Spokane, WA, 2002.

Concrete and Portland Cement Materials Analysis, Laura Powers, Construction Technologies Laboratory, Skokie, IL, 2000.

Basic Bloodstain Pattern Analysis, Tom Bevel 40 hour workshop, Seattle, WA, 1999.

Microscopy of Botanical Traces, McCrone Research Institute, Seattle, 1999.

Recovery of Skeletal Remains, NWAFFS workshop, Portland, OR, 1998.

Headlamp Examination, California Criminalistics Institute (CCI), Sacramento, CA, 1997.

Explosives, Jamie Crippen, Colorado Bureau of Investigation, NWAFFS spring meeting, Missoula, MT, 1997.

Lehigh University Scanning Electron Microscopy Seminar, Bethlehem, Penn., 1996.

Light Microscopical Analysis of Low Explosives, MVA, NWAFFS, Spokane, WA., 1996.

Oxford Instruments Microanalysis Training Energy Dispersive Spectroscopy, Foster City, California, 1994.

An International Symposium on the Forensic Aspects of Footwear and Tire Impression Evidence, Forensic Science Research and Training Center, FBI Academy, Quantico, Virginia, 1994.

Crime Scene Photography Workshop, NWAFFS, Fall, 1992.

McCrone Research Institute Advanced Small Particle Characterization, Seattle, Washington, 1992.

Soils Examination Workshop, J. Wehreberg, University of Montana, Missoula, Montana, 1992.

Tire Footprint Identification Workshop, P. McDonald, NWAFFS Meeting, Coeur d' Alene, Idaho, 1991.

Paint Pigment Identification, McCrone Research Institute, Chicago, Illinois, July, 1991.

Fourier Transform Infrared Spectroscopy, BioRad Corporation, Seattle, Washington, June, 1991.

Basic Forensic Hair Examination, California Criminalistics Institute, Seattle, Washington, August, 1990.

Advances in Microscopy and Imaging, the Olympus Corporation, Atlanta, Georgia, July 1990.

Forensic Microscopy of Human Hairs, SAFFS and Alabama Association of Forensic Scientists, Selma, Alabama, 1990.

Paper Fiber Identification, The Institute of Paper Chemistry, Appleton, Wisconsin, May 1989.

McCrone Research Institute, Visual Thermal Analysis (Fusion Methods), 1989.

McCrone Environmental Services, Theory and Application of SEM, Atlanta, Georgia, October 1988.

McCrone Research Institute, Advanced Microscopical Identification of Asbestos, Chicago, Illinois, July, 1988.

Owens-Corning Technical Center, Manufacture and Optical Characteristics of Glass Products, Granville, Ohio, April, 1988.

McCrone Research Institute, Microscopical Identification of Asbestos, Chicago, Illinois, 1987.

Professional Organizations:

NIST - Chemistry/Instrumental Analysis Scientific Area Committee of the Organization of Scientific Area Committees (OSAC) – Geological Materials Subcommittee, 2015-present

Scientific Working Group for Geological Materials (SWGGE) – Chairman 2012-2014.

International Union of Geological Sciences (IUGS) – Initiative on Forensic Geology- Board member, 2011-present.

American Board of Criminalistics – Diplomate (ABC)

American Academy of Forensic Science (AAFS)

Scientific Working Group for Materials Analysis (SWGMA) – Fiber sub-group

Northwest Association of Forensic Scientists (NWA)FS)

The American Society of Trace Evidence Examiners (ASTEE) - Charter member 94.

Appearance in Media Productions:

The New Detectives®, Episode 15116, *Stolen Youth*, New Dominion Pictures, 2004.

The History Channel®, *Chris Wood Homicide*, 2004

Forensic Files®, Episode 223, *Cereal Killer*, Medstar Television, 2005.

Forensic Files®, Episode 318, *Disrobed*, Medstar® Television, 2007.

Forensic Files®, Episode 324, *Guarded Secrets*, Medstar Television, 2008.

Extreme Forensics/Discovery Channel® *Mined Over Matter*, Michael Hoff Productions, Inc., 2009.

Dateline®, *The Feud*, a crime scene investigation, Superior Court, Helena, MT., 2016.
